Wolverines Win Opening Game From Nevada 11

Close Score As Both Teams Battle Hard For First Season Win

The Tahoe-Truckee Wolverines opened their 1955 bid for conference honors last Saturday as they narrowly but successfully dropped the visiting Douglas Tigers in a 7 to 6 football game. Both teams displayed early season jitters, but at times showed signs of greatness.

The first half of the game was somewhat uneventful as both clubs were unable to put together any sustained drives. The Tigers did, however, reach the Wolverine 4-yard stripe late in the second period on a good passing game, only to be held for downs.

The opening of the second half was an entirely different story as the Wolverines' Clayton Spining kicked off beautifully, only to have the Tigers' fine halfback, Clayton Johnson, take in the ball on the 10-yard line and rance down the sidelines all the way for the first score of the contest. The attempted extra-point kick, which was to prove to be the margin of victory, was blocked by the middle of the Wolverine line.

It was not until the fourth period of play that the Wolverines were able to make a break and capitalize upon it. With Douglas in possession on their own 30-yard line, the Tiger quarterback faded to pass and was swarmed over by the hard-charging Tahoe-Truckee line. In the resulting fumble, Jim Crawford of the Wolverines came up with the ball as well as what later proved to be the ball game. In three plays the locals had six points as Mickey Hogan hit for five yards and Bob Sanford followed with two running plays, the second of which was good for two yards into pay dirt. Aaron Thomas' placement from the fingers of Roger Holbrook split the uprights and the Wolverines had won their first conference game of the season, 7 to 6.

Outstanding play was turned in by all the Wolverines, but of particular note was the defensive line play of Tom Dolley, Jim Crawford and Doug Cooke. Offensive stars include Bob Sanford, Roger Holbrook, Mike Vieu, Mickey Hogan and Frank Giovannoni. Giovannoni also did a fine job of punting for the home club as he kicked out of bounds twice inside the 10-yard line to put the Tigers in the hole.

Next Friday afternoon at 2:30 the Tahoe-Truckee Wolverines host the South Tahoe Vikings in a non-conference affair. The Wolverines, hoping to improve their 1954 record, will be shooting everything they have available at their cross-lake rivals.

LAST RITES HELD FOR LOCAL WOMAN

Last rites for Mrs. Margaret Waggoner, 61, well known local resident for the past ten years, who expired here last Thursday following an extended illness, were held Monday at the Truckee Colonial Mortuary.

A native of Wisconsin, Mrs Waggoner came here with her surviving husband, John, from southern California. They operated a boat pier at Donner Lake during the summer and had a small motel.

The many friends of the family here join in expressing sympathy to surviving family members.

DON RICH LEAVING FOR NEW PARK JOB

Mr. and Mrs. Don Rich and family are making arrangements to leave their home at Bliss State Park on Lake Tahoe for their new assignment at Hatfield Park near Merced, Rich having been transferred by the division of beaches and parks.

Mr. and Mrs. George Hagen are due to arrive the first of the week and the former will replace Rich as park superintendent.

The Riches came here in 1948 and before going to Tahoe, he was supervisor at Donner Memorial Park. The family has made many friends who will regret their leaving.

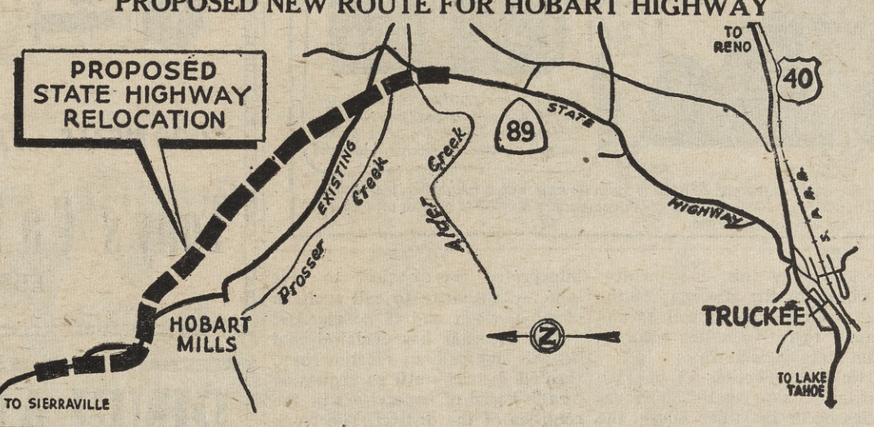

SKI EVENTS BEING PLANNED BY CLUB

TAHOE CITY — National ski events for the early months in 1956 are taking precedence in the planning of Squaw Valley Lake Tahoe Ski Club with the junior championship events scheduled to take place in February. The dates will be announced later.

The national downhill, slalom and giant slalom contests are being outlined by the local club for April 6, 7, 8 in 1956.

Frank Forrest of Sacramento stopped to visit local friends on Sunday.

PROPOSED NEW ROUTE FOR HOBART HIGHWAY

The California Highway Commission today adopted a route for a proposed relocation of approximately four and one-half miles of State Sign Route 89 (Truckee-Quincy Highway) in the vicinity of Hobart Mills, Nevada County.

The adopted route extends from 0.7 mile south of Prosser Creek to 1.6 miles north of Hobart Mills. For the most part it runs to the northeast of the present highway on a generally parallel course. The new route will eliminate several curves and save about one-half mile in driving distance.

Plans of the division of highways call for the construction of a modern two-lane highway over this section, including a new bridge over Prosser Creek. Start of construction will depend on the availability of future state highway funds.

Lloyd Everett To Head Legion Post As Officers Named

Lloyd Everett Tuesday evening was elected commander of Truckee Post No. 439, American Legion succeeding Robert Leamon, who guided the destinies of the organization for the past year.

Sergeant Ed Freeman was named first vice commander and William Waters as second vice commander. Frank Quilici will be the adjutant and finance officer, with James McIver, chaplain and E. A. Parker, service officer. John Rablin became a new member at the meeting and was elected sergeant at arms. Leamon is now judge advocate of the post.

Charles Reynolds, third vice commander of the Sixth District, was an official visitor at the meeting held at Veteran Memorial hall.

Plans for a turkey shoot to be held here during November were discussed by the members.

Two Stolen Cars Are Recovered

Two automobiles stolen from Truckee during the past month have been recovered, the California Highway Patrol reports.

The car belonging to James Lakey, stolen here in August, has been recovered at Paris, Texas and the accused thief, Bill Hyman of Twin Falls, Idaho, was being held for the Federal Bureau of Investigation as a fugitive from justice. He is reported to have a lengthy criminal record.

The second car, belonging to Mr. and Mrs. John Finnegan of Truckee which was stolen from in front of their home between 1 and 9 a.m. September 17th was recovered the same day at Caliente, Nev. The two juveniles in it were also being held for the FBI, Sergeant Ed Freeman of the local patrol office, said.

DON HUFF TO HEAD TAHOE CHAMBER, OTHERS CHOSEN

TAHOE CITY—At the annual election of officers of the Lake Tahoe-Sierra Chamber of Commerce held following a luncheon at Homewood Resort Friday, September 16, the following officers were elected: President, Don Huff of Homewood; vice-president, Fred Schultz, Kings Beach and treasurer, C. W. Vernon of Tahoe City.

Directors elected for three-year term were: Gene Empley of Glen Brook; George Kehlet, Meeks Bay; Stan Meyer, Al Tahoe; Margaret Ward, Kings Beach; George Philips, Tahoe Vista; Dr. Stuart Dingwall and Floyd V. Carnell of Tahoe City. There were sixteen directors in all.

In a short speech, after receiving the gavel from outgoing President Norman Celio, of Meyers, Huff pledged his support for a stronger organization. He said that with the winter Olympic games coming to Squaw Valley in 1960 there will be need for additional committees over the usual.

SUNBEAMS

By WALTER M. BARRETT

Highways, in our opinion, will rank among the chief objectives in plotting the 1960 Olympic Winter Games. It is also undoubtedly the aim of the department of public works to do everything possible to provide this important feature. Everyone will be looking forward with considerable interest to the approaching winter and those that will follow, with the sincere hope that no reflection can be cast upon the region because of inability to maintain thoroughfares under normal, or sub-normal conditions. Last winter's rather bad example may be forgotten and marked off as a bad experience, but from now on, not only travelers using the roads, but those who may want to judge future usage, may well be watching, so we can all hope that every possible step will be taken to avoid criticism.

When the meeting is held at the court house next Tuesday for the consideration of plans for prospective new areas for state parks and recreational areas, the eastern end of the county should have ample representation. From suggestions made at that meeting, new state and federally authorized recreational centers may be had and we by all means should put in our bid.

Daylight Saving Time Ends Again On Sunday

Well, here we go again. Six months ago we were asked to set our timepieces ahead one hour to have daylight saving. What was saved may never be known but just as we get used to the new time there comes a time to set the clocks and watches back one hour as we go on standard time once more.

The change becomes effective Sunday a.m., September 25th.

Retired Railroader Dies On Vacation Near Here

Charles Freman, 66, retired operator for the Western Pacific Company, died here Thursday evening following an apparent heart attack while driving west of here.

The body was shipped to Portland, Oregon, for funeral services. The deceased was a resident of Vancouver, Wash. He was survived by his wife, Lora, who was with him at the time of his death. The Truckee Colonial Mortuary had charge of local arrangements.

David Ayala Heads Cub Troop Of Florsiton Den

David Ayala of Floriston was elected denner of Cub Scout Den No. 1 which met at Florston.

Jamie Hamilton will assist David and Dick Ingalls was elected as secretary of the group.

Gary Anderson Is Student President; Activities Started

The students of the Tahoe-Truckee High School are actively involved in initiating the activity program.

Rally committees, social committees, student officers, teachers and students are planning to make this school year a most successful one. Last Thursday, student body officers and class representatives were installed. Gary Anderson was installed as president; Bob Trask as vice president; Virginia Speeter as secretary and Sue Knoeler as treasurer.

Friday of last week, the student body participated in a pre-game football rally in the gymnasium, the the spirit that was developed appeared enough to assist the team to a well earned victory the following day against Douglas.

After the game Saturday, a large number of the students carried the victory celebration to the senior-sponsored dance. The theme of this dance was "The House of Blue Light." Virginia Speeter, Diane Shaver, Evelyn Stinchfield, Christine Bechdolt and Duane Pomin provided the entertainment which consisted of pantomine of songs.

Intramurals sponsored by the Girls' Athletic Association and the Boys' Athletic Association were initiated this past week with the boys playing basketball and the girls playing field hockey and speed ball.

Truckee Woman Has Narrow Escape In Donner Truck Crash

Mrs. Elwood Buehler of Truckee experienced a narrow escape early this morning and except for fast thinking may not have been able to recount the fact.

Driving her car west up Donner grade near the Frog Lake turnoff, Mrs. Buehler spotted a huge semi and trailer coming down at a fast speed. She quickly slammed on the brakes, reversed the car and started backward. The produce truck driven by Dewey Barrett White of Salt Lake City, careened on the curve and upset right at the spot where the Buehler car would have been had the driver not backed up.

The driver of the truck told Patrolman Carroll Maynard who cited him for faulty equipment, that his air brakes failed.

Tahoe Home Sold

TAHOE CITY— Mr. and Mrs. John C. Anderson of Tahoe City have purchased the Bondi house and expect to make the lake their permanent residence.

The sale of the property was handled by Butch Beavers of the Tahoe Realty Company.

WILL REPAIR ROOF

SACRAMENTO— (CNS) —The state department of public works this week awarded a contract for $4,210 to California Coatings, Inc., for repairs to the roof of Donner Summit maintenance station.

Hunting Season Opens In Area Next Saturday

Deer Scattered, As Prospect Good For Opening This Week

The recent rains have brightened the prospects for the opening of the deer hunting season in this district and while the deer this year are more widely scattered than in recent seasons, a banner hunt is anticipated.

The season opens Saturday in all the state not included in the earlier coastal season.

While the recent storms have helped reduce the extreme fire hazard situation which has existed during the past several weeks, forest service officials warn that every precaution should be taken to prevent starting fires as the rain did not penetrate deeply enough to eliminate all dangers. The department of fish and game points out that all fire precautions will still be insisted upon. Already two hunters in the September 10-19 inland archery season have paid $500 fines for failure to properly extinguish a campfire.

Closing date for this year's six-week regular deer season is October 30, except in Inyo and Mono end October 23.

Bag and possession limit for the counties, where the season will inland season is one buck in all of the state except Del Norte, Humboldt, Trinity, Glenn, and parts of Siskiyou, Shasta, Tehama, the northwest tip of Butte, and Colusa County within the Mendocino National Forest, where two bucks are allowed.

All bucks must be forked horn or better, except in Modoc, Lassen, and eastern Siskiyou and Shasta counties, where three points are required.

A survey of the district by counties locally as compiled by the department shows the following:

Nevada—Deer in fair to good condition, bucks still in velvet and bunched up at present time. English Mountain, Grouse Ridge, Austin Meadows look good in high elevations. Most land outside national forest is posted. Fire hazard high. In Truckee-Tahoe district, deer herd is much more scattered than last year, and animals are not found in heavier concentrations usual in the past. Boca area expectedto go good. Hobart Mills fair to good.

Placer—Squaw Valley and Diamond Crossing areas fair to good. Deer more scattered than usual in Tahoe area. Good season expected, but take probably below record 1954 figure. Fire hazard extremely high.

Sierra—Deer numbers not as great as last year; herd well scattered and hard to find in any concentrations. Most deer observed are at higher elevations. Woods extremely dry. On western slopes, Yuba Pass, Sierra Buttes, Henness Pass are best bets.

Local Woman To Attend Meet Honoring Father

Miss Thelma Finger will go to San Francisco Saturday to join other members of her family when her father, Fred Finger of Louisville, Kentucky, will be honored at the National Brewmasters' convention to be held in the St. Francis Hotel from Sunday until Thursday.

Finger, who has been a frequent visitor here with Mrs. Finger, is an honorary member of the organization, having been presented with his 50-year pin in New York in 1954. On Sunday at a luncheon to be held at the Palace, he will give the invocation.

Miss Finger will visit her mother, brothers, Charles of Houghton, Michigan, and Mr. and Mrs. F. W. Finger, Jr., of Kentucky.

Three children of the couple were unable to attend the reunion.

At the convention's close, the party will return home by way of Mexico and Florida.

CUB SCOUT MEET

Parents of boys eligible to joiin the Cub Scouts are asked to attend a pack meeting at 7:30 p. m. on Tuesday, September 27 in the Truckee Elementary School.

Queen Contest To Be Feature Of Big Buck Stew Oct. 9

Something new has been added to the big annual free buck stew sponsored by the Truckee Outdoor Sportsmen.

When the program gets under way at Capitol Hall Sunday, October 9th, one of the outstanding features will be the crowning of a queen, Charles Osburn, vice president of the club and chairman of the committee, announced.

There are three candidates in the running for the honor. They are Alta Van Sickle, who represents the Wyethia Club; Carol Tollefson, the choice of the 20-30 Club and Evelyn Stinchfield, who is sponsored by the Rotary Club.

Advance ticket sales, Osburn announced, bears evidence that the contest will prove most interesting.

As for the big feed itself, the chairman reports, everything is shapeing up nicely and the biggest crowd in the history of the affair is anticipated.

Suit Filed After Burning Mishap

A suit for $47,500 plus as yet unascertained, medical costs and loss of wages for personal injuries has been filed in Nevada County Superior Court against Charles Cross, individually and doing business as Truckee-Tahoe Lumber Company and others, by a truck driver, Julius P. Gehrke.

The complaint alleges that on October 6, 1954, while Gehrke was driving and operating a truck owned by the defendants on State Highway 89 nine miles south of Sierraville in Sierra County he experienced mechanical difficulties with the truck and stopped along the road to investigate.

At the same time, he charges, Cross was driving along the highway in another vehicle and stopped, asking him (Gehrke) to examine the truck which, he claims, he did. The complaint continues that the plaintiff examined the truck's fuel line and disconnected it in the course of this examination.

He charges that as he attempted to reconnect the fuel line the defendant "negligently" caused the engine to go into motion, causing said engine to catch fire at a point at or near the carburetor of the engine, causing the plaintiff serious burns, some of which are "permanent in nature."

NINE PER CENT GAIN IN DISTRICT SCHOOL

The enrollment in the elementary schools and the high school of the Tahoe-Truckee Unified School District has increased 9.89 per cent over the enrollment of the 1954-1955 school year.

There has been an additional enrollment of 46 pupils since the second day of this school term. The enrollment for all the schools as of this date is 778 pupils; this is an increase of approximately 52 per cent in enrollment since opening the high school and establishing kindergarten in the 1951-1952 school year.

NEW PARK SITES TO BE PLANNED SOON

Residents of this area of Nevada County are asked to be present in the supervisors' chambers at the court house in Nevada City next Tuesday at 7:30 p.m. to submit recommendations for an official list of recreational areas within the county which may be approved as state parks

A. T. Parsons, planning engineer for the Nevada County Planning Commission, extended the invitation and said that any written recommendation will be given full consideration. The invitation follows a letter from L. G. Sutton, chairman of the senate interim committee on recreation and state parks and beaches.

Local Stockman Killed In Crash On Hobart Road

Others Hurt In Series Of Mishaps Here During Past Week

Ralph Waldo Emerson, 51, well known Rio Linda and Truckee cattleman, was killed early Saturday morning when his pickup truck crashed into a cattle truck three miles north of here on Highway 89. He was pronounced dead on arrival at the Tahoe Forest Hospital.

State Patrolmen William Gautsche and Martin Sturcke who investigated, said Emerson was going south and had just passed a cattle truck and glanced back as it passed, unaware that a second truck, operated by Kenneth Griffin of Knights Landing was approaching.

The lighter vehicle struck the drive wheels of the big truck and was demolished.

A third vehicle involved in the accident was a car belonging to Victor F. Dermody, 41, of Daly City which had been parked off the highway at the scene of the accident after running out of gas.

While Dermody went for gasoline, his companion, Ted Griffin of Daly City remained as a flagman on the curve. Griffin said he tried to flag down the pickup but Emerson was apparently not watching and despite the fact that the Knights Landing man attempted to avoid the collision, the vehicles collided, the lighter truck being hurled into the parked car.

The body was taken to the Truckee Colonial Mortuary.

Emerson has been coming to Truckee during the summer for many years and pastured cattle on the Truckee Public Utility District property near the ball park.

Last rites were held Monday at Roseville. He was a native of Loomis and a member of an early day Placer County family. He leaves his wife, Charlotte, sons, Kenneth and Jack of Rio Linda, his brothers Ben and William of Roseville and his parents, Mr. and Mrs. I. E. Emerson of Antelope.

Woman Injured

In another mishap five miles east of Tahoe City Monday at 4:30 p.m., Mary Irene Wilson of Venice was hurt and rushed to the Tahoe Forest Hospital after the car driven by Hal Dean M. Wilson got out of control and ran off the road. She was brought to the hospital by the Tahoe City ambulance.

Patrolman T. F. Sheehan cited the driver for speeding and being on the wrong side of the highway.

Cars Wrecked

When George Q. Chase, 75, of Piedmont attempted to pass a P.I.E. truck driven by Walter Willell, 44, of Napa, Friday afternoon he met a car driven by Richard B. Sullivan, 38 of Marysville. This forced him to turn into the side of the truck and the impact threw his vehicle back into the path of the Sullivan car.

Fortunately no one was hurt. Patrolman Roy Stallard cited Chase for failure to yield the right of way and making a bad pass.

Guard Rail Wrecked

Forty feet of guard rail at Hirsch dale was torn out Friday morning when the west bound vehicle driven by Herbert G. Vetter, 39, Richmond, got out of control on the curve after a load on his truck shifted. He was not hurt. Patrolman Martin Sturcke cited the driver of the Garrett Freight Lines truck for having an unsafe load.

Three Injured

Three people were hurt, one seriously Sunday evening a mile west of the Nevada state line when a car driven by Laurence J. Lassiter, 30, Yuba City went out of control on a curve and crashed into the rocks.

Lassiter, Irene D. Lassiter, 24, and Allie Lassiter, 58, were taken to the Tahoe Forest Hospital, the latter with major injuries.

Patrolman Roy Stallard cited the driver for speeding and not having his car under control.

WORD OF DEATH IS RECEIVED HERE

Friends here yesterday received word of the sudden death of M. C. Ingwerson, a former well known Truckee resident and bookkeeper for the Truckee Lumber Company.

Mr. and Mrs. Ingwerson left here three weeks ago to live at Sacramento. He apparently succumbed to a heart attack although he had not been in good health for the past two years, friends said.

The family visited here during the past weekend with the Crandall family.

Tahoe Sunday School

All those interested are cordially invited to attend the promotion of the pupils of the Tahoe City Community Sunday School on October 2.

Sunday school starts at 10 a.m., closing an hour later.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO (CNS) — One thing about the California constitution, it is not, in many instances, specific, and one of the latest discoveries along this line involves the power of the governor of the State of California to call special elections to fill vacancies occuring in the state legislature.

Article IV, Section 12 of the constitution says that "When vacancies occur in either house, the governor, or the person exercising the functions of the governor, shall issue writs of election to fill such vacancies."

It is assumed, therefore, that when a vacancy occurs, the governor is obligated to issue such a writ of election, and provide the people in the vacated district the opportunity to have representation, if not in the legislature itself, then at least on committees and the many other things a legislator does when legislative sessions are not being held.

But the constitution neglects to say "when" the governor is supposed to call the election, and Gov. Goodwin J. Knight has apparently interpreted this neglect to give him the authority to call such an election when and if he chooses.

The governor has declared that he will not call an election in a vacated district until so requested by the board of supervisors in the counties of the district. The counties, of course, must foot the election bills, which are not inconsiderable in these days of increasing populations.

The Democratic party interprets the governor's attitude as an attempt to maintain the Republican balance of power in the legislature, and therefore, is attempting through the state supreme court to have the governor call elections in three districts, in which Republican vacancies have occurred, and in which the Democrats hope a member of their party would be elected.

These are the 35th, the vacancy caused by the death of Roscoe L. Patterson; the 25th and 75th, vacancies caused by resignations of Daniel J. Creedon and LeRoy E. Lyon, Jr.

District courts, however, have turned down petitions for writs of mandate, and appeals to the supreme court from these refusals were refused a hearing by that body. Consequently, Democratic big-wigs have taken the issue straight to the supreme court in an effort to have a determination of the meaning of the constitution.

While the supreme court cannot "order" the governor to call an election, it nevertheless can interpret Section 12 of Article IV, and as did Attorney-General Edmund G. Brown, hand down an opinion of what it believes to be the meaning of the section. The point involved, of course, is "when" is the governor required to carry out the orders of the constitution.

Conceivably, a legislature could be so depleted of members that it could not operate, which is not the case in the present instance. And on the other hand, the absence of half a dozen legislators could make but little differnece in the final outcome of legislation.

Whether the move of the Democrats in taking the matter to the supreme court is good politics or not remains a question, as the final decision, if the court decides to hear the matter, might rebound to the benefit of Governor Knight who instead of being attacked in the next campaign as a governor who refused to carry out the constitution, might well be praised as a governor who attempted to save some money for the taxpayers.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

The weather through the past week looks like the beginning of a rainy fall season here, though not necessarily an early fall, as we usually have a stormy period at this time of year, most always followed by a long stretch of beautiful Indian summer. There is usually a shift of snow mixed in, but so far this time the snow has fallen only on the highest peaks, and even there it seems to melt away fast as sunlight follows the showers.

Light Rain

Early last week a light rain shower dampened parts of the lake region, and as the past weekend drew on the storm wind came out of the southwest in earnest, roughening the lake and bringing heavy rain clouds. Weather Observer Arthur Frodenberg measured .07 inches of precipitation for Friday night and Saturday morning at 9 a.m. For Saturday night and early Sunday morning the precipitation measured .11 inches, making a weekend total of 18 hundredths inch for the entire storm, the highest precipitation at this early date for several years. Over the weekend the lake's level fluctuated between 6225.64 and 6225.61 feet.

Good for Hunters

According to all reports the rainstorms seem to have saved the day for the deer hunters this season. Had the extreme dry weather continued in the mountains it was feared the forestry might have been forced to cancel the hunting season, or at least to postpone it till snowfall to protect the forests. As it is, it is now practically certain that deer season opens as usual on September 24 and will continue to the same date in October. The local horse concessions are holding open and prepared for packing the hunting parties into the best back country locations. However, if the rainstorms continue it seems doubtful if there will be so many camping parties staying for days in the hunting grounds. Very few deer have been seen near the mountain highways this season, and it seems evident that the herds are gradually dwindling.

Resorts Close

Most of the larger resorts on the California shore of the lake have closed for this season, including resort hotels such as Mayah-mee, Tahoe Tavern and Chambers Lodge. The Tavern closed last Friday after a full-house convention in the middle of the week. Manager-owner, Fred Icholson, said before leaving that he had decided not to open for the winter sports season after all, as he doesn't think that business in general will increase enough to make that worthwhile until the winter of 1960 when the Olympic games really get started. He says the Tavern will now remain closed until next June. The Northend nightclubs are all reported closing this week except Monte Carlo, which is expected to close for a few weeks between early in October and holiday season.

Winter Schedule

The Tahoe City Postoffice will go on winter schedule after Sunday, September 25, according to Postmaster Oliver Corona. He said that after that date there will be no more Sunday mail till next May. The Tahoe City branch of Bank of America will complete its summer session here about October 1, according to present expectations, and banking headquarters for Tahoe citizens will be in Truckee for the winter season. It has been a great convenience to have this summer branch in town, and this entire community hopes that it may soon become a year around institution.

Registered Deputy

Mrs. Marie Henry of this city has this week been appointed, by County Clerk Lillian Reckenmacher, to the post of the registration deputy in this district. Mrs. Henry wishes to announce at this time that all prospective voters in this precinct may register with her at the Tahoe City Garage any day in the week, and asks that they please call between the hours of 8 a.m. and 6 p.m.

In Bay Region

Mr. and Mrs. Harold Farr of this city spent the past weekend on a business trip to the bay region. The Farrs operate an apartment-rental business in Oakland. At present Mr. Farr is engaged in spare time in the building of an extension on his Tahoe City home.

Sewer Trouble

During the past few weeks the Public Utility authorities in this district have been having much difficulty in keeping the sewage system in operation because of the sewage pump being clogged with rags. The custodian of the sewage plant, with a small crew of helpers spent several days recently in the not-too-pleasant underground pump chamber, working with wire hooks to clear the mechanism of the obstructing materials. C. W. Vernon, president-manager of the Utilities, says the cloth materials, disposed of through toilet facilities in occupied buildings, are the main cause of all the clossing interference with the necessary operation of the system. He says that whatever users can do to prevent such costly trouble will be greatly appreciated.

Nevada Water Group Has Organization Meet

Clarence E. Gassaway of Cottage Hill was elected chairman of the newly formed Nevada County Water Conservation Commission at the meeting held last week. The other eight members of the board include C. Edmunds, manager of the Truckee Public Utility District at Truckee.

Aim of the commission is to ascertain the future water needs of the county.

Hunters Are Warned Of Dry Forest Conditions

In view of the present extreme forest fire danger, the department of fish and game addressed an urgent appeal to hunters and fishermen to double their fire precautions while in the woods.

Conditions of high temperatures, low humidity and tinder-dry forests during the past few days have created one of the worst fire situations in years.

An average of 1.6 cords of pulpwood is required to make a ton of wood pulp, which in turn will make a naverage of nine-tenth of a ton of paper or paperboard.

"Forest fires not only destroy valuable timber, but can ruin a fine trout stream or game habitat," a department spokesman said. "Sportsmen are robbing themselves of future hunting and fishing by being careless with fire."

the newest design concept in card table sets...

Samsonite Black 'n' Brass

Black 'n' Brass Card Table in Metallic Grey, Metallic Flame, Metallic Chartreuse or Antique White. $13.95

Matching "Futura" Chair $8.95

At last, real glamour in a card table set! Dulled, black-modern metal frame...brass tipped legs...and colors that add the "decorator's touch" to any decor. And because it's Samsonite, you know this set will stay beautiful and sturdy for years of day in, day out use. Spills can't stain the upholstered top...it simply wipes clean with a damp cloth. And the tubular steel legs and frame make it the world's strongest card table. Cushion-comfort chairs have upholstered back and seat. They simply glide open, fold compactly. Other Samsonite card tables from $7.95 and matching chairs from $6.95.

NORTH TAHOE

By JUDGE HARRY CHARRISON

New Citizens

Here's a story of six fine people, two of whom are Mr. and Mrs. J. W. Spavor of Danville. Spavor is a retired naval officer and now holds an executive position at the University of California. We know the newcomers will be an asset to our community. They have purchased the homes—yes two homes—one that was owned by Mr. and Mrs. Claire Walters and the other by Mr. and Mrs. Ike Miles, both next to each other at the bottom of Brockway Hill; two very nice homes. Both the latter families are retiring to the peaceful life on a small estate in the woods around Auburn, with a nice stream running through the property that has a bridge across it so each family of sisters and brothers, for that is what they are, will be living across the stream from each other. If that isn't a wonderful setup, I never heard of one. We are losing these wonderful people, who were all community minded and we feel that the newcomers to our parts will make up the loss.

Restaurant Opens

Well, I see Dorothy O'Brien has opened up the Home Cafe at Kings Beach and a nice big apartment has been built over the restaurant. It is a sure sign that fall is just around the corner as the cafe is a popular meeting place during the winter especially.

Short Stay

I see Bill Miedema and his cute wife Robin are up at the lake for a short stay. And what a change from the heat and smog of the southland. Bill is with the telephone company and they live at Burbank.

More Friends

Was very happy also to see some more of our Pasadena friends spending a vacation here. They are Judge and Mrs. William E. Fox and daughter who have been staying at Goldcrest Lodge. Bill is a superior court judge in Los Angeles, but lives at Pasadena. Also in town and staying at Sky Blue Waters are Floyd and Aileen Parsons, friends we have known for the past 30 years. It seems their most attractive visit was to Virginia City where both enjoyed the old city.

New Home

Another nice home is already being built next to the Davises on the golf course. It is going to be one of those log style homes and promises to be very attractive.

Out

Now it's our old friend and sportsman, Ned Malla, under the weather. It seems Ned was fishing and twisted around and fell in the swirling waters and out went one shoulder bone. Ned is so mad, just at deer season. Oh, me, poor Ned. There may yet be time, huh?

From Stockton

I never saw a couple have more fun than Mr. and Mrs. Wolf who are here from Stockton and staying with the Tom Suttons. Friendly people like they are worth having in our midst and we wish they couud stay all winter.

Rain

Wasn't it nice to wake up last Saturday to find a million dollars worth of rain on the ground. The first of the fall this season and the best part of it is that it fell where there was an extreme fire hazard. Hardly think it was enough to end the dangers, so let's still be very careful.

Left

The Bradley Wallaces of Brockway have left for the winter to go to their home in San Francisco. Hope Mr. Wallace soon gets over his bad cold that has been bothering him for the past while.

V. F. W.

Commander Ray Plunkett of the V.F.W. Post 7077 informed me that the popular post now has no less than 60 members and a wonderful auxiliary organized. Last Sunday at 2 p.m. the district meeting which includes the surrounding area was held and was the first ever held at the lake. The ladies served buffet and cocktails before the meeting. The auxiliary did most of the arranging for the party which was greatly enjoyed and appreciated by all those present. The officers of the auxiliary are Ethel Antonson, presiden; Pearl Moore, secretary; Joy Plunkett, senior vice president and Vera Woods, treasurer. New members will be welcomed to any meeting and if anyone wishes to join they may contact any of the officers.

Rotary Meeting

The West Sacramento Rotary Club were guests of the Brockway Rotary at a steak dinner Saturday night at Ta Neva Ho Lodge. The ladies were presented with corsages. The guest speakers were Senator Harold Johnson and Alexander Cushing, both of whom talked of the gigantic Olympic games to be held in 1960.

Grand Time

Had a phone call from Joellyn Ashton Sunday night and by all accounts she is having a grand time. She says she is not homesick herself, but is already nursing the feelings of a lot of the girls that are. She is in love with Salt Lake and the Holy Cross Hospital. At the moment she attends school and then in about two months looks forward to wearing a uniform.

Snowy

Quite a young blizzard and snow storm over Mt. Rose last Saturday night and it sure looked wintery driving over there today while taking Elsie to the doctor's who say she is doing wonderfully. It won't be long now.

Register

Ruth Lavery requests me to remind all you folks who are intending to go out of the community for the winter, to be sure and register by going to the Kings Beach Laundromat. Don't lose your opportunity to vote at the coming election.

Working under Secretary of War Jefferson Davis, Edward F. Bealse brought a group of camels to California for Army transport work.

Chambers Lodge Now Among State's 100 Year Business Firms

John W. McKinney, the founder of the resort originally known as "McKinney's," came to California over the Overland Trail in 1850, settling near the present Chambers Lodge main building, using this area as a base for his fur trapping, and hunting, particularly trapping for the furs of the silver fox, mink, sable, beaver, bear, or any other fur bearing animals. He built a cabin and in 1854 built a barn with an adjoining corral on the west side of Burton's Creek, now known as McKinney Creek, this area at the time also being known as Burton's Pass.

A George Hunsaker, owner and discoverer of the Rubicon Springs, wintered occasionally with John McKinney, and they carried on quite a fur business developed from their trapping activities. Hunting was excellent and brought in fresh meat for food.

As time passed, McKinney established a camp for hunters which later on grew into the Lake Tahoe resort bearing his name. He catered to people from the mining towns of Nevada who were drawn here by the finest hunting and fishing to be found anywhere in the Sierras. Among the notables who were guests of "McKinney's" was the famous California naturalist, John Muir.

On April 18, 1919, David H. Chambers leased and a short time later purchased this property and surrounding land, changing the name to Chambers Lodge, but retaining some of the characteristcs of "McKinney's." However as time passed many modern improvements were made bringing the now nationally known famous resorts, and particularly located on the shore of Lake Tahoe in the great State of California.

During August of this year the business of Chambers Lodge was nominated for membership in the California State "100 Year Club" and on September 1, the opening day of the California State Fair, George C. Chambers, present manager of Chambers Lodge, was present at the occasion of the annual meeting of the California State "100 Year Club" when the business of Chambers Lodge was inducted into membership, at which time Gov. Goodwin J. Knight presented to Chambers a beautifully engraved certificate of membership and gold plaque engraved in honor of the Chambers Lodge membership on one side and the Great Seal of the State of California on the opposite side.

Olympics Discussed At Meeting Of Rotarians

KINGS BEACH—Alex Cushing of Squaw Valley and Senator Harold Johnson of Roseville were guest speakers at the annual West Sacramento-Brockway inter-city Rotary Club meeting on Saturday night, September 17 at Ta-Neva-Ho. It was also Hank Dodd night—Hank having faithfully provided constructive and interesting programs for the home club for three years.

Cushing gave a brief resume of his trip to Europe in the interest of the 1960 Olympic Winter sports and later introduced Senator Johnson who also spoke in the interest of the Olympic sports; of how they will be partially financed by the state and of the benefits our area will reap during and after the games. Also of the necessity for four-lane highways and greatly increased parking areas.

President Bill Randall presided during the meeting to which there were present 78 Rotarians with their ladies and guests.

Publisher Addresses Tahoe Rotray Session

TAHOE CITY—At the luncheon-meeting of Tahoe City Rotary Club on September 13, Richard A. Carrington, editor of the Los Angeles Examiner, spoke on international, national and local matters. On international, the editor was skeptical of the "olive branch" the Communists appear to be extending to the various countries.

On national affairs he said our present credit system is creating a prosperity, which unless halted, could result in a depression. On local matters, Carrington said he has been coming to Lake Tahoe during the summer months for 33 years and has noted the growth of the entire lake area but, he continued, the potential for the resort area, which is unequaled any place in the world—and he had traveled a lot—is hardly begun.

He thought the winter Olympics coming to Tahoe in 1960 will cause the people to realize the potential, and he urged support of the Chamber of Commerce to that end. Mr. and Mrs. Carrington spend a good part of each summer at their home about five miles north of Tahoe City.

Mr. and Mrs. C. M. Bromagem and their children left Homewood for Sacramento, prior to the opening of school.

MILT HOGLE HEADS DONNER LEGION

SODA SPRINGS—Milton Hogle of Soda Springs began his second term as commander of the Harold D. Jones Donner Summit Post, American Legion at a combined buck stew and installation ceremony in the Beacon Hill Lodge.

More than 250 legionnaires took part in the event.

Honored guests were Joseph Farber of Los Angeles, state commander, and Leo Crawford of San Mateo, state vice commander.

Entertainment was furnished by the drum and bugle corps of Hague-Thomas Hegarty Post of Grass Valley, Nevada County.

Other officers installed are William Rutherford, adjutant; Dr. E. V. Whiting, vice commander; Elmo Moriano, service officer; Charles Reynolds, finance officer and R. R. Rockholm, sergeant at arms, all of the Soda Springs and Donner Summit area.

The world's largest known block of salt, with estimated reserves of 500 million tons, is being developed in the Dominican Republic.

From where I sit ... *by* Joe Marsh

...Makes a Man Healthy, Wealthy—and Tired!

Sandy Peterson's nephew Pete has gone back to college. He worked on Sandy's farm a couple of months last summer to get hardened up for football.

He seemed to enjoy farm life all right—but like most city kids it took him some time to get used to a farmer's schedule.

Sandy claims that when he went in to wake Pete—on the first morning—the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow *you'd* better get to bed!"

From where I sit, we must have heard a million stories like that. But they show how some people assume *their* customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because *they* don't do it. Just like some people don't think enjoying a glass of beer is "right" . . . because *they* happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.

Tahoe-Truckee School District News

DONNER TRAIL

We all took a short hike into the woods to take a look at nature in the fall of the year. We saw things and among them was a bird called to water ousel. This is the first time any of the children had seen such a peculiar little bird. We noticed that the bird would walk into the water and swim around then dive like a duck. This bird isn't web-footed but still it appears to walk on the water. We all sat on the bank of the river and watched the bird for almost 10 minutes.

Earlier in the week a truck overturned in the road and its load of horses fell out and then wandered over to the schoolhouse. We saw pack horses, riding horses, and work horses. It took an explanation of the brand laws to convince the children that they couldn't just walk over and borrow a horse.

KINGS BEACH

We had two birthday children this week. Scotty Campbell was five years old on Tuesday, September 13 and Wendy Howell was six years old on Thursday, September 15. Wendy had her party at school. Mrs. Howell served cake and had favors for all the first graders.

The school nurse, Mrs. Patnoude, came Thursday and weighed, measured, and checked the eyes of each child in the class.

We started discussing our homes and families this week.

Grades Two and Three: Ronnie Baker brought a bean plant to share with us. Ronnie planted the bean and he was so surprised to see the bean grow.

Harvey Klitzke brought a large box of macaroon cookies which his mother made to distribute to his class.

David Reed and Vern Wing brought interesting storyboks for our story hour.
books for our story hour.

Pamela Powell, who fractured her arm during vacation, had the cast removed this week.

During science period, we studied about crawfish.

Estelle Howell and Brad Thompson brought two lovely bouquets of flowers to our classroom. The second grade boys transferred this week. Jimmy De Pala returned to Palm Springs, California, Stephen Hoghes returned to Walnut Creek and Brian Worrell moved to Reno.

Fourth, Fifth and Sixth Grades: The science unit "In Our Own Backyard," is well underway. Greg Thompkins contributed a chipmunk, Robert Howell a squirrel, and Linda Draney a cage.

Glass for the ant villages was donated by Kenneth Bailey, along with wood and ants by Bud Robertson. Ants belonging to David Decker have dug to a depth of some two inches and at last report were still going down.

The water snake brought by Francis Howard escaped and has not been found.

Paul Franklins' wasp nest survived the passing around to rest in the place of honor as the week's most interesting item.

TAHOE LAKE

Kindergarten and First Grade: The second week of school finds our kindergarteners quite proud of what they are learning. All of us remembered: We listened, we think, then we do.

First graders are deep into their reading readiness program. This week we are working on colors and learning to listen for beginning sounds of words we know.

First and Second Grades: Our first grade—Kim Marvin, Dick Pomin, George Speeter, Martin Spitsen, Rosemary Wray, Merlyn Paine, Jimmy Sergi, Darlinda Stark, Mary Lou Sartor and David White made very interesting picture of the cars that they ride in.

The second grade drew pictures about the winners of the boat races at Tahoe City.

Third and Fourth Grades: The third and fourth grades have been learning how to distinguish between facts and opinions through investigation, observation, and research.

Fifth and Sixth Grades: We are studying about dinossaurs. The class is made up of different committees and they have different topics. The first one is "How long ago did they live on the earth? and the age? The chairman of this committee is Sandy Fellows:

The second one is "How big were they?" The head of this committee is Joan Nickelson.

The third committee is "What they ate and lived upon." Ronnie Faughn is chairman of this committee.

The fourth committee is "The names of the dinassaurs and their characteristics." This committee is headed by Vic Sartor.

Karen Grahn is chairman of the committee investigating "What caused their disappearance?"

A sixth committee headed by Parky Bechdolt is finding out whether there are any relatives of the dinosaurs living today.

TRUCKEE ELEMENTARY

Kindergarten: Michael Davis, Philip Risden, Raul Hernandez, Barry Waters and Michael Kydd have been milk helpers this week.

We are happy to have two new members in our class, Raul Hernandez and Shelia Smotherman.

We have been counting together, painting on our easels and drawing with colored chalk on wet paper.

First Grade: Reading—the first graders are working in their new workbooks. The children also will write their own stories about interesting things they have seen or will bring to school. Kathy Braasch brought a picture about the recent fires in California and John and Charles Collier brought a rock collection.

We are glad to welcome Eddie Steele into our room.

Second Grade: We have found out the sounds of many letters in order that we may help ourselves attack new words by means of phonetic analysis. One group, including Dennis Richards, John Goldsmith, Karen Walker, Kenneth Hensley, Kathleen Kenyon, Eileen Olson, Courtney Lewis and Rocky Young, has finished one book and will begin another next week.

Third Grade: Emphasis are being placed in the reading program on word recognition through phonics and other word attack skills.

Eddie King, Carol Ann Kunkler, Danny Garcia, Bryon Ireland, David Saroni, Kenneth Taylor, Gary Jensen, Steven Davis. Larry Franco, Michael and Mitchell Carter drew some very nice pictures illustrating their favorite parts of stories read in class this week.

Fourth Grade: The fourth grade reading program is beginning with a brief review of vocabulary.

Lynn Quartly and Leonard Hensley have been doing good work in their group.

Fifth Grade: The fifth grade has three reading groups. The three groups have been writing sentences and stories using words from the stories we have read in our books. The Green group acted out the story: Here Comes the Fire Chief. Daniel Rechenmacher acted the part of Don; Joey Straub was the fire chief; Ellen Patnoude took the role of Peggy and Shirley Patton was Don's and Peggy's mother. Each day we write words with which we have trouble in our word books.

Sixth Grade: We have been reading stories about young Americans of today. Time has also been spent on word definitions, original summaries and identifying parts of speech.

Donna McReynolds, Dee Dee Frates and Barry Leamon have given oral summaries.

New members in the class are Dick Sorenson, Dana Hamilton, Doug Gill and Julia Fuentes.

Senator Knowland Will Speak At Auburn Meet

Senator William F. Knowland will be the guest of honor at a special dinner staged by the Republican Central Committees of Nevada and Placer counties on Monday, September 26 at the Home Economics Building at the Auburn Fairgrounds.

The dinner will be an evening feature starting at 7:30 p.m.

California's Senior Senator William F. Knowland will be the principal speaker following the dinner. He has spent many years of service in the United States Senate and at present is the Republican party's leader in the senate. This get-together to honor a public servant and to hear a first-hand report from our nation's capitol should prove most beneficial to all. Everyone is invited to attend.

The tickets for this dinner meeting are available from Burl W. "Sarge" Reynolds and Harold "Hal" Welch in Truckee.

LUCKY 13 CLUB NOT SO LUCKY IN FIRE

The Luck 13 Club, a Highway 40 roadhouse and 13 wrecked cars were destroyed in a fire near Monte Vista Inn Monday which closed traffic on Highway 40 for an hour.

Truck drivers and motorists were impressed to assist the Dutch Flat and Alta crews of the State Division of Forestry in controlling the small, but hot forest fire. A second fire which was found on the S. P. right-of-way was put down before reaching the highway.

The A. H. Minard family who have stayed in Tahoma for several weeks also returned to Los Angeles.

Mr. and Mrs. Rad Kiefer of Tahoe City are back from a pleasant vacation.

Mrs. N. J. Lindenfeld has left Lake Tahoe for her residence at Los Angeles.

Mr. and Mrs. John J. O'Connor who have been spending the summer at Kings Beach have left for Oakland.

ARE YOU KEEPING UP WITH YOUR CHILDREN?

If you have children back at school this fall may we suggest that *now* is a good time to start thinking about and providing for their college education. Deposit a modest sum each month in a Bank of America savings account. You'll find it's easier than you think to save the money they will need when they reach college age.

THERE ARE OTHER WAYS YOU CAN PLAN FOR THEIR FUTURE!

Our bank has Trust Department offices located throughout the state to help parents plan for the future well-being of their families. Thousands of Californians with modest means—including many from our community—take advantage of these trust services. If you are interested, why not let us arrange an interview for you with one of our Trust Officers? There is no obligation.

? BofA *Quiz Corner* ?

DID YOU KNOW THAT you can make savings deposits or withdrawals—or payments on a *Timeplan* loan—at any one of our 560 California branches? It's simple and easy... and something available to you only at Bank of America.

Truckee Cemetery District
Meets at call of Chairman W. M. Englehart.

DUCKS AGAIN ON MOVE IN STATE AS BUILDUP REPORTED

From the Tule Lake to the San Joaquin Valley ducks are on the move again in California, beginning their annual buildup which usually sees 10-12,000,000 birds pass through the state, the department of fish and game reported.

Reports from the great Tule Lake - Lower Klamath concentration point state that at least 100,000 birds have arrived. Most are sprig but with a good percentage of mallards.

The buildup has been slower in upper Sacramento Valley points, but increasing around Sacramento and in the Delta areas.

The number of ducks is slightly above normal in the San Joaquin Valley, with at least half of them concentrated on the new Mendota Waterfowl Management Area in Fresno County, the department reported.

Herding and other crop depredation control methods already are underway in some areas, with this activity slated to increase considerably during the next two months.

In the Tule Lake area the danger to crops should be over by October 1, and a few weeks later in the central valleys.

Farmers who are having troubles with waterfowl should contact their local game warden, who in turn will relay the request to the U. S. Fish and Wildfire Service, which issues herding and pyrotechnic permits and equipment.

From all reports, this year probably will be normal as far as crop depredation damage is concerned, the department said.

Split Waterfowl Season Adopted By California

A 72-day split waterfowl season, October 15-November 18 and December 10-January 15, has been adopted for California by the fish and game commission, with a seven-duck bag and possession limit, plus three so-called bonus birds (spring and widgeon).

The bag limit on geese remains at six, with no more than three of the dark species. In district 22, in Imperial County and eastern Riverside and San Bernardino counties, only one Canada goose may be taken.

The noon opening was eliminated, with shooting hours set at one-half hour before sunrise to sunset throughout the season.

Special Milk Fund For California Schools Is Set Up For This Year

SACRAMENTO (CNS) — California schools will receive $2,611,595 during the forthcoming school year for the special school milk program, Roy E. Simpson, state superintendent of public instruction announced.

Simpson said he has been advised that amount is allocated to this state by the federal government under the program authorized by the 83rd congress for increasing milk consumption by school children.

The program provides for each reimbursement for milk served to children in public and non-profit private schools of high school grades and under.

Schools purchase milk locally at prevailing rates, and charge the consumer children less than the cost of the milk. Reimbursements are up to three and four cents per half pint, enabling schools to charge five cents or less for either half pints or one-third quarts of milk. Written agreements with the state department of education are necessary before reimbursement can be made.

DAILY REPORTS ON SNOW CONDITION WILL BE AVAILABLE

An improved service to keep winter sport enthusiasts informed on snow, weather and road conditions in this area during the coming winter, a major Reno resort is inaugurating a daily information service to the bay area, Sacramento and Reno.

Each morning the members of the Northern California Lift Operators Association in this region will telephone the local condition to the Reno concern, which in turn will supply the information to the areas mentioned.

Thus an up to date picture can be had by those desiring to come to the snow country before starting the trip.

A discussion was held relative to the new service at a recent meeting of the lift operators presided over by Milton Hogle, group president.

The John Neronde family has goneto Sacramento after summering at Tahoe City. The Neronde school of accordion players were heard during the State Fair at the Capital City.

Highway Patrol Warns On Vehicle Loading

SACRAMENTO—Be sure that load is securely fastened says the California Highway Patrol to motorists who drive vehicles laden with miscellaneous articles.

"The law says that no vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent any of its contents or load other than clear water from dropping, sifting, leaking or otherwise escaping therefrom," stated Ross R. McDonald, deputy commissioner of the patrol. Vacationers with overloaded or poorly loaded vehicles, truckers carrying boxes and smaller cargo not tied down and campers who hurriedly throw things together for a quick trip frequently lose boxes and other articles on the highway which become hazards to traffic and in many cases are the cause of accidents.

"The solution is simple," McDonald continued. "Do not overload and make sure all material is securely fastened so it cannot fall off the vehicle. It is a good idea to also check the load occasionally during your trip.

By giving more attention to this problem every motorist will help eliminate this unnecessary cause of collisions.

Compromise Approved In Placer Damage Action

AUBURN—Superior Judge Lowell L. Sparks has signed an order, approving compromise of a disputed claim for damages of $2000 for injuries suffered by George L. Wilson, Jr., a minor, in a Roseville traffic accident last March.

It directed payment of the money to George L. Widson, Sr., by Mr. and Mrs. August Sassarini. The child had been struck by a vehicle driven by Mrs. Sassarini.

Wedding Date—
Mr. and Mrs. William Englehart, Jr., observed their wedding date last Sunday.

In City—
Mr. and Mrs. R. T. Joslin who spend part of each year here, returned to San Francisco on Monday.

CARD OF THANKS

I take this means of expressing to the many kind people of this community my heartfelt appreciation for their thoughfulness and kindness during my recent bereavement. Your many acts and words of sympathy will never be forgotten.

MRS. RUTH BERNARD

Light Rain Falls In Tahoe During Week

TAHOE CITY—Precipitation, in the form of rain, measured .39 of an inch at Tahoe City during the past week as showers fell last Thursday, Saturday, Sunday and Monday.

Temperatures have ranged from a chilly 36 to a high of 61 during the same period.

The lake level, with five gates open into the Truckee river, stood at 6225.59 feet on Monday, Art Frodenberg, cooperative observer, announced.

PATRONIZE LOCAL MERCHANTS

Official To Be Feted

Irma Fream

A dinner will be held in the Methodist Church on September 28 to honor Irma Fream, president of the Rebekah Assembly who will make her official visit to Naomi Rebekah Lodge No. 2 on that date and reservations may be made by contacting Mrs. Pearl Heller.

All members are urged to be present at the formal meeting to convene at 8 p.m. in the Odd Fellows hall following the dinner.

Leonore Vind presided at the September 14 meeting of the lodge when plans were made for the dinner and meeting.

Happy Days

Mrs. Muriel Frey observed her birthdate on September 8, Mrs. Eldon Tonini on the 12, Richard Joseph was in the incentive for a family party on the 15th. Mr. and Mrs. Fred Pedley celebrated their wedding anniversary on the 15th and Mr. and Mrs. Carl Smith of San Francisco also observed their marriage date while staying at their Truckee home this month. Mr. and Mrs. Martin Sturcke's wedding anniversary occurred on the 13th.

Kathryn, small daughter of Mr. and Mrs. Clarence Osburn was the center of attention at a family party on her birthdate September the 11th.

George Kaspian, Mrs. William Curran, Walter Barrett, Vern Shattuck, Fosten Wilson, Daven Morey, Nat Quilici were some of the birthday aniversary celebrants within the week while in the younger set Arlene Copeland, Philip Risden, Kathleen Collier, Ronnie Walker, Linda Vind and John Firpo were also feted by their families on their natal dates occuring the latter part of this month.

NEW PHONE BOOKS READY FOR TUESDAY

The book that everybody reads is on its way to Truckee.

Delivery of the new telephone book will begin on Tuesday, September 27, and end four days later, said Charles Berlenbach, Pacific Telephone manager here.

He points out that while everybody reads the book, very few people notice what's on every page.

"People look up the page with their own name and telephone number. That's fine. We like to have them check for correct listings when the new book is handed to them.

"However, we think the beginning pages of the white alphabetical section are equally important. Here are listed police and fire department emergency numbers. There is also a place for your doctor's telephone number."

Service call instructions, directions on how to place an out-of-town call, the rates to distant points, different telephone tones and signals are also listed.

"We have tried to anticipate any questions about telephone service that might come up," said Berlenbach.

This year's telephone book has a picture of Gold Hill Mine. Gold Hill Mine at Grass Valley was the first quartz gold mine discovered and developed in California. The site is now marked by a monument.

The telephone manager had one concluding message for subscribers:

"Keep up the good job of leafing through the old directory before handing it in. Every year, fewer and fewer people call us about valuable personal papers that were left in the old book. Needless to say, it's impossible to recover missing items once the book is reduced to pulp. So it's to the customer's advantage to make sure nothing is left in it."

Community Church Notes

The Methodist Youth Fellowship will continue its meetings on Monday evening at 7 p.m. This Monday September 26, there will be a dialogue presented with a freshman, sophomore and junior taking part. Aweek from that date, October 3, a dinner and installation of the newly elected officers will take place.

Rev. Osman has now started a series of sermons dealing with the meaning of the Gospel of Good News of God.

Revamping Forest Rules Explained To Rotary

Many of the old policies of the National forests are being revamped to keep in line with present day trends.

Speaking before a recent meeting of the Truckee Rotary Club, L. A. (Gus) Rickel, supervisor of the Tahoe National Forest, spoke on various problems of the forest and stressed the many recreational phases with which the officials are faced within the next few years.

At the meeting Monday, Rotarian William Carver of Truckee gave an interesting talk on the subject of the Constitution of the United States. He discussed the problems and tests of this important document from a legal standpoint.

Theodore (Ted) Hawkins was accepted by the club as a new member. He is co-owner of the Tourist Liquor Store.

Canadian Honeymoon

Mr. and Mrs. William Briner who were married in the Episcopal Church at San Francisco, were honeymooning in Canada this week.

The religious rites were attended by relatives and close friends of the couple.

Utah Guests—
Mr. and Mrs. Earl Stice have as their guests this week, Mr. and Mrs. Dee Stice of Grantsville, Utah. The visitors were married in their home state last Friday where Dee Stice has a government position.

Returns From North Trip—
Mrs. Lawrence Owens is at home after a vacation trip to Washington and Oregon with her daughter, Miss Olga Owens. In Portland the local people visited at the home of Mrs. O. Bentley, the former Miss Frances Rutherford of Truckee. Miss Owens has resumed her position as a teacher in Millbrae.

Southern Pacific Will Maintain Clock Schedule

Most Southern Pacific passenger trains that operate solely within the state will continue to maintain their present public clock schedules when California returns to Standard Time on Sunday, September 25, the railroad announced today.

Interstate trains, which include the City of San Francisco, Shasta Daylight and San Francisco Overland, wil operate one hour earlier by the public clock than at present.

Teachers Hold Meet For Leader Conference

BROCKWAY—A gathering of 250 educational leaders from 21 northern California counties met in Brockway, last weekend at Lake Tahoe for an annual leadership conference.

The conference is sponsored by the northern section of the California Teachers Association, Harold Murphy, teacher at the Grant Union High School, is president of the section.

Mrs. H. E. Kjorlie of the North Sacramento School District will be general chairman of the conference. During a workshop session the teachers discussed legislation, retirement, public and professional relations, youth activities and welfare, teacher ethics and moral and spiritual values in teaching.

Mrs. Gaffield's Guest—
Miss Linda Perry of Tahoe Valley visited her grandmother, Mrs. Maude Gaffield on her way to Berkeley where she has entered her second year at the University of California. Miss Perry is majoring in languages.

At Reno—
Mr. and Mrs. Jack Stewart and daughters have moved to Reno to live and have opened a bakery there.

Check Charge
Deputy Sheriff Roy Waters reported Maude E. King, 53, of Floriston was arrested Friday on a fictitious check charge and was turned over to Washoe County officers after waiving extradition.

PAOLINI HONORED
MONTEREY—Supervisors J. D. Paolini of Placer County and J. D. McDermott of Yolo County have been elected directors of the County Supervisors Association of California, which wound up its three-day convention here.

Tahoe Nursery Class

We mothers are having a food sale at Kehoe's on October 1st. Tired of your own cooking? Gee, thanks to all the local establishments for seeing that you put your extra change in the containers around town. It all helps to buy the equipment we need. If you have any toys you want to get rid of just bring them to the nursery school. We will fix them. Watch for our fashion show date.

—Eunie Henrikson.

TO BE CONTINUED!

...I PROMISE YOU THAT TOMORROW MORNING YOU'LL

LET ME HANDLE IT, TOM...

I'M BEGINNING TO HATE SUNDAY, JANE—THE TWINS WAKE ME SO EARLY IT'S JUST LIKE ANY

Fritzi Ritz

By ERNIE BUSHMILLER

HERE COMES PHIL WITH HIS CAMERA

I HAVE SOME COLOR FILM--I'LL TAKE A PICTURE OF YOUR HOUSE, FRITZI

SWELL--I'LL MOVE THAT RAKE

SEPT-25

ALL SET?

NO--I WANT TO RUN INSIDE AND ADJUST THAT CURTAIN

O.K.--BUT SNAP IT UP--THIS IS TAKING ALL DAY

I'D LIKE SOME FLOWERS IN THIS BARE WINDOW BOX.

HA-HA--I DON'T HAVE TIME FOR YOU TO GARDEN

IT'S **DONE**

HEY, HOW DID YOU DO THAT?--THAT BOX DIDN'T HAVE A SINGLE FLOWER ONE MINUTE AGO

IT'S **EASY** WHEN YOU KNOW HOW

Hat Shoppe

THE CAPTAIN AND THE KIDS

THREE CHEERS! THE KIDS NOT ONLY FOILED THE KIDNAPPERS, THEY RECOVERED THE CROWN JEWELS AS WELL!

POO-POO! PIRATES ISS A SKINCH IF YOU KNOW HOW!

LOOK, CAP, NOT A SPARK'LER MISSES!

DER KINK GIFFS US A MEDAL, I BETCHA!

ALL SAIL AN' RUN FOR IT, MEN!

MAMA'S LIDDLE HEROES!

BY R. DIRKS

BETTER YOU DROP DER CROWN CHEWELS BY DER PALACE BEFORE IT GIFFS MORE T'IEFERS!

MIT DER BOOMER UND DER STICKER, LET 'EM COME!

FLIP-CHACKS!

OH BOY!

HA! I DARE 'EM!

ALL RIGHT-DROP THAT CHEST OR YOU'RE DEAD MEN!

BLAM!

DON'T SHOOT!

VE GIFF UP!

HAW! HAW! MORE FUN THAN MY WHOLE VACATION!

FUN, HE CALLS IT! -UND AFTER ALL VE BEEN T'ROUGH!

VOT A SENSE OF HOOMOR!

LISTEN, VE SAFED DESE CROWNERS FUM GORILLAS, PIRATES, UND DER OCEAN DEEP!

UND ALMOST DER BOYS VOS KIDNIPPED! HERE, TAKE 'EM!

THAT JUNK? DON'T BE SILLY!

JUNK! VOT---?

YOU SEE, I HAD YOU GUARD THOSE PHONY JEWELS TO THROW ANY CROOKS OFF THE SCENT WHILE WE WERE GONE—

—THE **REAL** ONES WERE HIDDEN IN THE WELL ALL THE TIME! CLEVER, WOT?

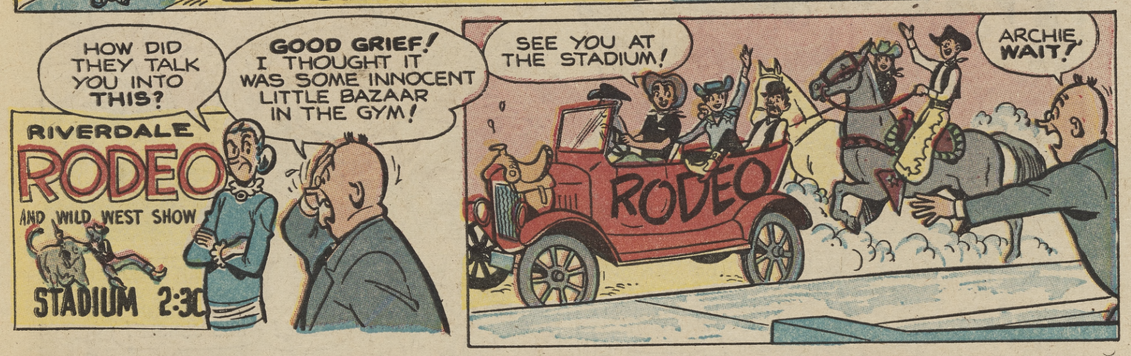

A DOD-GASTED GENIUS, DOT'S VOT!

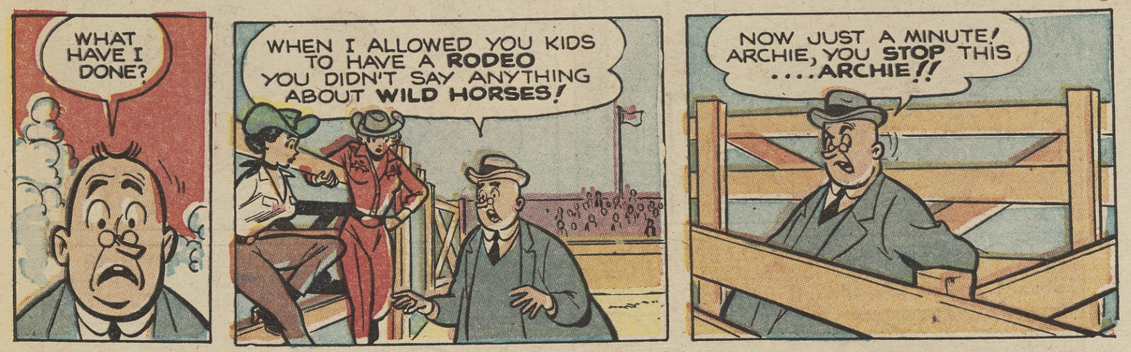

CLEVER AIN'T DER VORD!

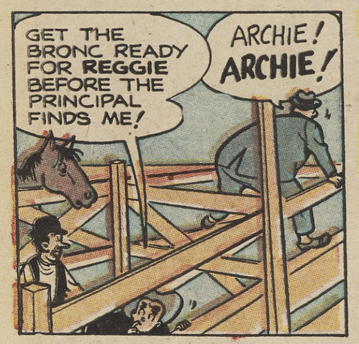

HM-M, I BELIEVE I DETECT A NOTE OF IRONY IN THEIR TONE.
